

## ADVANCED PLACEMENT PROGRAM

The Advanced Placement Program consists of college-level courses and exams for junior and senior high school students. Many colleges and universities give credit and/or advanced placement to students whose AP examination scores are considered acceptable.

Students who register for AP classes have the option of taking the AP test. In 2014 the AP test fee was \$92.00 per test. Students can expect that this cost will increase a bit each year.

An AP course is a special college-level learning experience that takes a full academic year, making it possible for academically talented students to upgrade the quality and increase the rigor of their studies. The following AP courses are offered at CMR:

- AP Biology
- AP Calculus
- AP English 7-8
- AP Government
- AP Psychology
- AP Senior Art Studio
- AP US History

## DUAL CREDIT CLASSES

- + Accounting
- + AP English 7-8
- + EMT (at CGF- MSU)
- + Welding Qualification II & III
