Dear Parent(s) of Junior Students:

During the school year, all juniors will have the opportunity to participate in the job shadow of a career that is of interest to them. Participation in the career experience is part of the counseling curriculum and is optional. It is an excellent approach to educating the students as it enhances their learning experience. Participation in these experiences means that the School District will not always provide transportation.

In order for your child to participate in this off-campus activity, which does not involve School District transportation, your consent is required. Your child may choose to drive, ride with another student or you as his/her guardian may transport him/her. Please read the following consent form, complete and sign it before returning it to the instructor. If you have any questions, please feel free to contact the instructor or Dick Kloppel, Principal at 268-6100.
